

# HERCULAN perfume-free

Fluid hand cleanser for medium industrial soiling

<b>Description:</b>	HERCULAN perfume-free is a highly viscous, perfume-free hand cleaner with micronized plastic scrubbing agents. HERCULAN perfume-free contains skin-friendly, nourishing substances and is free of solvents and terpenes. Weakly acidic pH.
<b>Composition (INCI):</b>	AQUA (WATER), POLYURETHANE, SODIUM C12-18 ALKYL SULFATE, GLYCERYL RICINOLEATE, PEG-12 DIOLEATE, GLYCERIN, PEG-7 GLYCERYL COCOATE, BENTONITE, SODIUM LAURETH SULFATE, LYSOLECITHIN, CITRIC ACID, 2-BROMO-2-NITROPROPANE-1,3-DIOL, IODOPROPYNYL BUTYLCARBAMATE, CI 77891
<b>Properties:</b>	HERCULAN perfume-free is suitable for medium industrial soiling. The dirt is gently removed from the skin, emulsified and rinsed off with water. The micronised plastic scrub supports the cleansing process mechanically. After washing, the skin feels pleasantly soft and supple. The plastic flour does not block drains or pipes.
<b>Fields of application:</b>	HERCULAN perfume-free cleans the skin quickly, thoroughly and gently, especially with oily, greasy soiling and dust. HERCULAN perfume-free is universally applicable in mechanical engineering, car workshops, metalworking, metal processing and mining. It has proven itself in the food processing industry/trade and meets the requirements placed on skin products within the framework of a HACCP concept.
<b>Use:</b>	HERCULAN perfume-free should be dosed via a dispenser system. Apply one to two pump strokes to the slightly moistened hand, distribute under washing movements and rub in. When the dirt has dissolved, rinse well with water until the skin is foam-free. When working with highly adhesive substances, it is advisable to apply HERWESAN PRO or HERWESAN OLIO as a protective cream before working on the clean and dry hand. These protective creams make subsequent cleaning much easier.
<b>Regulatory framework:</b>	HERCULAN perfume-free is subject to the EU Cosmetics Regulations and corresponds to it in its current version. It does not have to be labelled according to the regulations on hazardous substances.
<b>Storage and shelf life:</b>	HERCULAN perfume-free can be kept for 30 months at room temperature (from date of manufacture). The date of expiry is denoted on the packaging.
<b>Packaging size:</b>	250 ml bottle, 2000 ml pouch bottle and 2500 ml hard bottle Dispensing-system: HERCUMAT dispenser, HERWEMAT HERO und HERWEMAT UNI dispenser
<b>Disposal:</b>	The cardboard boxes, tubes and plastic packaging are recyclable.
