

HERWEDERM CLEAN SENSITIVE

Washing liquid for sensitive skin

Description:	HERWEDERM CLEAN SENSITIVE is an exceptionally skin-friendly cleansing agent for sensitive skin. HERWEDERM CLEAN sensitive is free of preservatives*, perfumes and colorants and dermatologically tested on atopic skin.
Composition (INCI):	AQUA (WATER), SORBITOL, SODIUM LAURETH SULFATE, SODIUM CHLORIDE, PROPYLENE GLYCOL, DISODIUM LAURETH SULFOSUCCINATE, PEG-18 GLYCERYL OLEATE / COCOATE, COCO-GLUCOSIDE, DECYLENE GLYCOL, C12-15 ALKYL BENZOATE, LAURETH-6, CITRIC ACID
Properties:	HERWEDERM CLEAN SENSITIVE is an extremely mild washing liquid for hand and whole body cleansing. HERWEDERM CLEAN SENSITIVE contains specially selected washing raw materials and, thanks to the absence of fragrances, preservatives* and dyes, is ideally suited for cleansing extremely stressed and very sensitive skin. The pH value is slightly acidic. HERWEDERM CLEAN SENSITIVE has been dermatologically tested on atopic patients with very good results. The results were confirmed by measurements on the BUS model.
Fields of application:	HERWEDERM CLEAN SENSITIVE is suitable for the gentle cleaning of sensitive and pre-damaged skin in all work areas such as administration, trade and industry. HERWEDERM CLEAN SENSITIVE is particularly suitable for use in hospitals, care wards and old people's homes as well as in food processing companies. The requirements placed on skin products within the framework of a HACCP concept are fulfilled.
Use:	Apply a small amount of HERWEDERM CLEAN SENSITIVE to slightly moistened skin and spread well. The fine-pored and creamy foam can be rinsed off effortlessly and quickly with sufficient water.
Regulatory framework:	HERWEDERM CLEAN SENSITIVE is subject to the EU Cosmetics Regulations and corresponds to it in its current version. It does not have to be labelled according to the regulations on hazardous substances.
Storage and shelf life:	HERWEDERM CLEAN SENSITIVE can be kept for 30 months at room temperature (from date of manufacture). The date of expiry is denoted on the packaging.
Packaging size:	250 ml bottle, 2000 ml pouch bottle Dispensing-system: HERWEMAT HERO and HERWEMAT UNI
Disposal:	The cardboard boxes, tubes and plastic packaging are recyclable.

*preservatives acc. to EU Cosmetics Ordinance
