

VERTULIN NATUR

Hand cleansing paste with special cleansing boosters

Description:	VERTULIN NATUR is a viscous, slightly perfumed hand cleaning paste with biodegradable scrubbing agents made from natural corn meal.
Composition (INCI):	AQUA (WATER), DIMETHYL GLUTARATE, ZEA MAYS (CORN) COB MEAL, LAURETH-4, MIPA LAURETH SULFATE, DIMETHYL SUCCINATE, DIMETHYL ADIPATE, SODIUM CHLORIDE, COCAMIDE DEA, COCAMIDOPROPYL BETAINE, LAURYL ALCOHOL, BENTONITE, STEARALKONIUM BENTONITE, ISOPROPYL PALMITATE, MYRISTYL ALCOHOL, CITRIC ACID, SODIUM BENZOATE, POTASSIUM SORBATE, PHENOXYETHANOL, PARFUM (FRAGRANCE), CI 77891
Properties:	VERTULIN NATUR is a viscous hand cleansing paste with a pleasant fruit scent and a biodegradable solubilizer (dicarboxylic acid ester). These are not VOC or "organic solvents in the sense of VO 1999/13/EG and not listed in the VOC list of Switzerland. VERTULIN NATUR is free of soaps (fatty acids) and contains surfactants based on vegetable raw materials, is free of plastic scrubbers and parabens as well as free of halogenated preservatives. VERTULIN NATUR has been dermatologically tested and is pH-skin neutral, and therefore suitable for all skin types. The natural scrubbing agents made from natural corncob spindle do not clog drains or sink pipes.
Fields of application:	The finely tuned system of selected surfactants and skin-compatible special ester in VERTULIN NATUR ensures a very good and reliable cleaning power. It removes even the most stubborn and intense contaminants such as paints (including acrylic paints, oil paints) varnishes (e.g. 2K coatings) adhesives, PU foams, resins (e.g. epoxy resin), bitumen, tar, pitch. Particularly for use in the automotive industry and repair, car workshops, paint shops, printing plants, chemical industry, construction, facility cleaners, metal and other heavy industry.
Use:	Add a walnut-sized amount amount of VERTULIN NATUR to the dry hands, spread and rub. Add some water and wash. When the dirt has loosened, rinse well with water until the hands are foam-free. After the washing process a HERWE skin care product should be used to regenerate and moisturize the skin.
Regulatory framework:	VERTULIN NATUR is subject to the EU Cosmetics Regulations and corresponds to it in its current version. It does not have to be labelled according to the regulations on hazardous substances.
Storage and shelf life:	VERTULIN NATUR can be kept for 30 months at room temperature (from date of manufacture). The expiry date is on the packaging.
Packaging size:	250 ml bottle, 2000 ml VIVA dispenser vartridge, 2000ml pouch bottle and 2500 ml hard bottle, 10 L canister
Disposal:	The cardboard boxes and plastic packaging can be recycled.
