

HERWEFOAM CURA

Skin care foam for hands and body

Description:	HERWEFOAM CURA is a rich, creamy and easy spreading skin care foam for hands and body with a pleasant light fragrance.
Ingredients (INCI):	AQUA (WATER), GLYCERIN, ORYZA SATIVA (RICE) BRAN OIL, BETAINE, MAGNESIUM ALUMINUM SILICATE, DICAPRYLYL CARBONATE, TOCOPHEROL, CETYL ALCOHOL, COCOYL METHYL GLUCAMIDE, GLYCERYL CAPRYLATE, DISODIUM COCOYL GLUTAMATE, CETEARYL GLUCOSIDE, LAURYL GLUCOSIDE, POLYGLYCERYL-2 DIPOLYHYDROXYSTEARATE, LACTIC ACID, PROPYLENE GLYCOL, PARFUM (FRAGRANCE), SODIUM CHLORIDE, P-ANISIC ACID, STEARYL ALCOHOL, PHENOXYETHANOL, SORBIC ACID, CITRIC ACID
Properties:	HERWEFOAM CURA is a fast-absorbing skin care foam with a moisturizing complex of glycerol, betaine and lactic acid. It contains rice germ oil and other nourishing, cosmetic lipids for a soft and pleasant skin feel. Due to application as a foam, a rapid, complete and even spread of the product along with quick absorption into the skin is guaranteed. The result is a pleasant non-slip, non-greasy feel on the skin. HERWEFOAM CURA is suitable for all skin types with a pH of approx. 5.5. The skin compatibility has been dermatologically tested on atopic skin. HERWEFOAM CURA is free of silicone and free of PEG and plastic beads. The concentrate is dispensed by a foam pump and, is very economical to use and resource friendly. A 1 L bottle will provide about 2500 foam applications.
Area of use:	HERWEFOAM CURA is a special skin care foam for the conditioning of the skin and hands. It should be used after washing and also before and after work. HERWEFOAM CURA is particularly suitable when a greasy skin sensation is undesirable. It can be used in all work environments.
Application:	Apply a suitable amount of skin care foam on the back of the hands and distribute it carefully. Also, treat the palms and do not forget to rub it between the fingers. Important areas to cover are the nail beds, fingernails, fingertips and your wrists.
Regulatory:	HERWEFOAM CURA is subject to the FDA and EU Cosmetics Regulation and corresponds to it in the currently valid version. Labeling in accordance with the Ordinance on Hazardous Substances is not required.
Storage and shelf life:	HERWEFOAM CURA is stable in closed containers at room temperature for 30 months (from the date of manufacture). The respective expiry date is indicated on the packaging.
Packaging sizes:	50 ml spray bottle, 1000 ml VIVA dispenser cartridge
Recycling:	The cardboard and plastic packaging can be added to the local recycling.
